**SOIL:** sand (70%), silt (30%), no limestone, high content of granite rock, rarely clayey

**VINE-TRAINING SYSTEM:** guyot

**PLANTING DENSITY:** 3.600 plants/ha

**GRAPE HARVEST:** Collection of the grapes in wooden boxes, at the end of September

**ALCOHOL CONTENT:** 12,50% A.b.V

**TOTAL ACIDITY:** 7.10 g/lit

**SERVING TEMPERATURE:** 8/10 °C

**PROFIT PER HL/HA:** 36 hl

**BOTTLES:** 1.400

## TECHNICAL PROFILE

**Vinification:** Perfectly intact grapes are pressed in their whole. After that the wine undergoes the fermentation in stainless steel in which it remains for a further period of aging. The process is completed with 6-months refinement in bottle before the release.

## TASTING NOTES

Pale yellow with green hues. Intensely aromatic on the nose with pleasant notes of tropical fruit and a complex finish. In the mouth the taste is well balanced and delicate.

## WINE-PAIRING

Excellent with fish dishes, this wine also goes perfectly with poultry, white meat and fresh cheeses.
